49.(1) An insured person who receives treatment in a hospital outside Ontario may be reimbursed by the Commission for the cost of insured services received on presentation to the Commission of a detailed receipt from the hospital for payment made to the hospital by him, or the Commission may make payment directly to the hospital for insured services received by the insured person, where

- (a) the care and treatment were required because of accident or sudden attack of illness;

 - (ii) the diagnosis of the condition for which the insured person was admitted,
 - (iii) the date of discharge or death of the insured person,
 - (iv) the nature of any complication, complications, or sequelae, if any, which would explain a longer than average stay in hospital for a person with the disease or condition from which the insured person was suffering,

- (v) the kind and number of any laboratory, radiological or other special diagnostic tests performed on or for the insured person,
- (vi) the nature of any special treatment procedures or surgery which were performed on the insured person,
- (vii) the discharge diagnosis or cause of death, as the case may be, and
- (viii) such other information as may be required or requested by the Commission; and
- (d) the accommodation and services received do not constitute, in the opinion of the Commission, the custodial type of care provided in a home for the aged, an infirmary or other institution of a similar character.

(2) The Commission shall not pay an amount under subregulation 1 which, in the opinion of the Commission, exceeds the amount that such insured services would have cost had they been provided in Ontario in a hospital of approximately equivalent size and with similar facilities.

THIRD PARTY LIABILITY

50.(1) Upon the provision of insured services to an insured person in respect of injury or disability caused or contributed to by the fault or neglect of any person, the Commission shall be subrogated to the right of recovery of the insured person against any person in respect of the cost of the insured services and may bring action in the name of the insured person to enforce such rights.

(2) An insured person who commences an action to recover for loss or damages arising out of the negligence or other wrongful act of a third party to which the injury or disability in respect of which insured services have been provided is related, shall include a claim on behalf of the Commission for the cost of the insured services.

- (b) may effect settlement of its claim without prejudice to the right of the insured person to commence or to continue with an action to recover for his injuries or other damages.

(6) Where the insured person is an infant or under other disability or has died, the Commission may commence an action in its own name for the recovery of the cost of insured services rendered to him and, in that event, shall forthwith give notice of the institution of such action to the parent or guardian of such infant, or to the committee or guardian of such person under disability, or to the personal representative, if any, of such deceased person, and the provisions of subregulation 5 shall apply *mutatis mutandis* to such action.

(7) An insurer shall pay to the Commission any amount referable to a claim for recovery of the cost of insured services that would otherwise be payable and such payment shall discharge the liability to the insurer to pay that amount to the insured person.
